

A. CLASSIFICATION OF SUBJECT MATTER

IPC7: C07C 67/03, C11C 3/02, C11C 3/06, C07C 69/52, C07C 69/587, C12P 7/64 According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)

IPC7: C07C, C11C, C07C, C12P

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

SE,DK,FI,NO classes as above

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)

EPO-INTERNAL, CHEM. ABS DATA

JMENTS CONSIDERED TO BE RELEVANT	•
Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.
Journal of the American Oil Chemists' Society, Volume 75, no. 11, 1998, Gudmundur G. Haraldsson et al: "Separation of Eicosapentaenoic Acid and Docosahexaenoic Acid in Fish Oil by Kinetic Resolution Using Lipase", page 1551 - page 1556	1-19
Journal of the American Oil Chemists' Society, Volume 74, no. 11, 1997, Harald Breivik et al: "Preparation of Highly Purified Concentrates of Eicosapentaenoic Acid and Docosahexaenoic Acid", page 1425 - page 1429	1-19
WO 0073254 A1 (JFS ENVIROHEALTH LTD.), 7 December 2000 (07.12.2000)	1-19
	Citation of document, with indication, where appropriate, of the relevant passages Journal of the American Oil Chemists' Society, Volume 75, no. 11, 1998, Gudmundur G. Haraldsson et al: "Separation of Eicosapentaenoic Acid and Docosahexaenoic Acid in Fish Oil by Kinetic Resolution Using Lipase", page 1551 - page 1556 —— Journal of the American Oil Chemists' Society, Volume 74, no. 11, 1997, Harald Breivik et al: "Preparation of Highly Purified Concentrates of Eicosapentaenoic Acid and Docosahexaenoic Acid", page 1425 - page 1429 —— WO 0073254 A1 (JFS ENVIROHEALTH LTD.),

X	Further documents are listed in the continuation of Box	C. See patent family annex.			
* "A"	Special categories of cited documents: document defining the general state of the art which is not considered to be of particular relevance	"T"	later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention		
"E" "L"	earlier application or patent but published on or after the international iling date document which may throw doubts on priority claim(s) or which is sited to establish the publication date of another citation or other special reason (as specified) document referring to an oral disclosure, use, exhibition or other neans		document of particular relevance: the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone		
"O"			document of particular relevance: the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art		
	document published prior to the international filing date but later than the priority date claimed	″& <u>"</u>	document member of the same patent family		
Date	of the actual completion of the international search	Date of mailing of the international search report			
3 February 2004			1 0 -02- 2004
